Company profile — Kinden Vietnam

メッセージ Message

エネルギー、環境、情報の幅広いフィールドで お客様の社会生活をトータルにサポートします。

Kinden Vietnam supports tomorrow's Lifestyles with innovations in integrated systems engineering.

information & communications.

指しています。

To support your total lifestyle, we offer solutions through our high technology and advanced systems in the field of energy, environment and

社是 **Management Creed**

- 和と明朗 Harmony and cheerfulness
- 研究と努力 Pursuit and effort
- 誠実と奉仕 Honesty and service

Kinden Vietnam は、創立以来日本からの進出企業 はもちろんのこと、世界各国からの進出企業からもご 用命頂き、エネルギー・環境・情報の分野でお客様の ニーズにお応えしている総合設備会社です。

Kinden Vietnamは、それぞれの案件ごとに優秀かつ 豊富な経験を持つ人材をプロジェクトに従事させ、電 力・一般電気設備、各種計装設備、情報通信設備、空 調衛生設備、各種ユーティリティー設備の構築から省 エネ計画まで、万全の管理体制で設計・施工からメン テナンスに至るまで幅広くお客様のご要望にお応え致 します。

Kinden Vietnam Co., Ltd. is an equipment and facilities provider working to fulfill customers' energy, environmental and communication needs. Since our foundation, we have been serving many companies coming to Vietnam from Japan as well as many other countries.

Kinden Vietnam assigns excellent and highly experienced personnel appropriate for each project, meeting customer needs from constructing power, electric, instrumentation, information, communication, air-conditioning, plumbing and utility systems to developing energy-saving programs. Our broad range of service covers design, construction and maintenance of such systems under a reliable management system.

企業理念 Our Mission

私たちは優れた設備とサービスを創造し、 社会のインフラを支え、明るく豊かな未来の実現に貢献します。

We create outstanding equipment and services, support our society's infrastructure and contribute to the realization of a bright, abundant future.

お客様のニーズを把握し、技術力と人間力で 安心と安全と快適をお届けします。

Using technical prowess and manpower, we understand our clients' needs and provide them with reassurance, security and comfort.

健全な企業活動を通じて、 事業を支える全ての人々の幸せを実現します。

Through our company's activities, we acknowledge the happiness of our business supporters.

従業員が働きがい実感でき、 家族とともに笑顔で暮らせる会社であり続けます。

We will carry on to be a company where we can live as a family with a smile so that our employees can truly desire to work.

電気設備

Electrical systems

皆様の生活や産業社会に必要不可欠なビルや工場、商業施設、公共施設などへの電気エネルギーを配給するための設備構築は、Kinden Vietnamの基盤となる事業領域です。私達はお客様が快適な毎日を実現するために、常に安全で高品質な付加価値の高い設備構築に挑戦していきます。

Electrical systems providing electricity to buildings, plants and commercial and public facilities are essential for people's lives and industries. Constructing such systems is Kinden Vietnam's core business.

We provide safe, high-quality and value-added electric systems for our customers' comfortable daily lives.

1 地球と人の未来へ For the Future of People and the Earth

地球に優しい環境を目指して Kinden Vietnam は、太陽光発電などの新エネルギー技術を積極的 に導入しより次世代の電気設備最適システム構築へ挑戦していきます。

Aiming for environment-friendly technologies, Kinden Vietnam is proactively adopting solar power generation and other new energy technologies. We are working to develop optimal next generation electric systems.

2 構内のインフラストラクチャー Infrastructure within premises

あらゆるビル、施設、工場の受変電設備や構内配電設備の最適システム提案、計画、設計、施工、メンテナンスを一貫して実施しています。

We propose, plan, design, construct and maintain optimal systems for receiving, transforming and distributing electricity within all types of building, facility and plant premises in an integrated and consistent manner.

高圧主変電設備、UPS設備、非常用自家発発電設備、太陽光発電設備、幹線・動力制御設備他

We provide high-voltage power receiving and transforming systems and uninterruptible power supply (UPS) systems, private power generators for emergency use, solar power generation, trunk-line and power control systems and more.

構内の住居環境設備

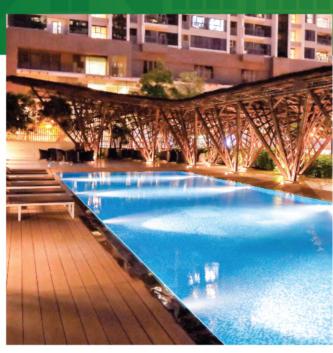

Housing environment systems within premises

照明、空調、エレベータ、生産ライン等の負荷機器を、安全にまた合理的に機能させるため、電気設備の最適システムを目指しています。

照明、コンセント設備、電話、放送、インターホン設備、各種AV設備、LAN配線設備、他

We create optimal electric system that enable safe and streamlined operation of lighting, air-conditioners, elevators, factory lines and other such equipment and facilities.

We provide lighting, wall outlets, telephones, broadcast systems, intercoms, AV systems, LAN wiring and more.

👖 構内の防犯と防災対策

Security and disaster prevention systems within premises

屋外・屋内を問わず、人が活動するあらゆる環境を電気エネルギーと各種信号制御技術を高度に駆使した総合技術力を未来のために活かします。

各種セキュリティー設備、防排煙連動制御設備、電気錠設備、避雷・防雷設備、自動火災報知設備等

With our integrated technical capabilities that take advantage of advanced electric energy and signal control technologies, we improve all environments for people's activities, both indoor and outdoor, creating a better future.

We provide security equipments, smoke detectors, electric lock, lightening protection and automatic fire alarm systems and more.

ネットワーク構築ソリューション

Network construction solutions

オフィスや公共施設といった建物内のインフラからインターネットにいたるまで、ネットワークのシステム構築を一貫してコーディネートします。これまで培ってきた技術や豊富なノウハウで、皆様のニーズにお応えした円滑で効率のよいネットワークの設計・構築から最適な機器選定、総合試験までサポート致します。

We offer integrated coordination services for network system construction, from infrastructure including offices, public facilities and other buildings to Internet access from such buildings. With our extensive technologies and know-how, we enable customers to meet their needs, from designing and constructing smooth and efficient networks to selecting the most appropriate devices to comprehensive testing.

→ 技術で設備を生かす

Our technologies make the best out of facilities

防爆計装工事を柱に、計器、動力、制御盤や監視システムにいたる総合エンジニアリングで生産設備をサポート致します。

With our explosion-proof instrumentation technologies and our integrated engineering covering instrument, power, control panel and monitoring systems, we support customers' production facilities.

空調衛生設備

Air-conditioning and plumbing systems

商業施設、工場ビルの屋上地下室など目に見えない所に至るまで、空間の環境維持はとても大切です。Kinden Vietnamは、人に優しい空調システムや給排水システムの構築など身近な環境の快適性を向上させ、高度で多彩な技術をご提供しています。

From commercial facilities and plants occupied by people to building roofs and basements that people rarely see, maintaining a good living environment is very important. With our wide array of advanced technologies, Kinden Vietnam offers services, including constructing human-friendly air-conditioning, water supply and drainage systems, to maintain a good living environment.

環境保全

Environmental conservation

環境保全の為にフロン回収や各種水処理に取り組むと共に、空気清浄化システム、換気、活性酸素除菌システムによりVOC (Volatile Organic Compounds 揮発性有機化学物)などの有害物質を除去し、健康的な居住空間の創造を行います。

For environmental conservation, we work to collect Freon and treat water. Our air-cleanup, ventilation and active oxygen sterilization systems remove volatile organic compounds (VOC) and other harmful substances. Through these, we create a healthy living environment.

コージェネレーションシステム、蓄熱空調システム、集中冷暖房システム 他

We provide co-generation systems, thermal storage air-conditioning systems, central heating and air-conditioning systems and more.

居住空間整備

Improving living environment

効率的に、経済的に、そして自然環境に優しく行なうかというテーマを自らに課して、 理想の空調システムの構築を追求しています。

空気調和設備、空気浄化システム、換気設備、給排水衛生設備、他

Our objective is to perform what needs to be performed efficiently, economically and in an environment-friendly way. We pursue ideal air-conditioning systems.

We provide air-conditioning, air-cleanup, ventilation plumbing systems and more.

1 各工場、諸施設の産業ユーティリティーの整備 Improving industrial utility systems at plants and facilities

各種産業施設のエネルギー供給源システムの良否は、即生産コストに大きな差が生じ、経営・環境マネージメントの非常に重要な役割を担っています。

The quality of energy-supplying systems at industrial facilities directly affects production costs and is important to business and environment management.

エアー供給設備、軟水・純水設備、ボイラー設備、冷却水設備、各種薬品供給設備、各種ろ過設備

We provide air-supplying systems, water softeners, boiler systems, cooling water systems, chemical supplying systems and filtration systems.

2 產業空間設備 Industrial environment systems

微生物汚染や異物混入などの事故防止に HACCP (Hazard Analysis Critical Control Point 危害分析重要管理方式) の指導等で、独自のテクノロジーとノウハウにより時代や社会が求める環境ニーズにお応えしています。

Our unique technologies and know-how, including instruction on the Hazard Analysis Critical Control Point (HACCP) system for preventing microbial contamination, tampering and other accidents, enable our customers to meet the environmental requirements of today's society.

クリーンルーム設備、HACCP

We provide clean room equipment, HACCP, and more.
